The Palace of Culture and Science (Pałac Kultury i Nauki) is prominent on the left side of the skyline.

A composite image of a modern urban environment. On the left, a street view shows a road with traffic lights, trees, and buildings under a cloudy sky. On the right, a large, modern building with a grey textured facade and a vertical green wall is shown. The building has a sign with the letters 'NDI' on it. In front of the building, several people are walking on a sidewalk. A yellow horizontal bar is positioned across the middle of the image, partially obscuring the building's facade.

and shaping ideas

A wide-angle aerial photograph of a modern urban landscape. In the foreground, a large, multi-level building features a prominent green roof terrace where several people are gathered. The middle ground shows a mix of modern glass buildings, industrial structures with blue roofs, and a dense forested hillside. The background consists of a clear blue sky with a few wispy clouds.

A photograph of the National Museum in Warsaw, Poland, at night. The building's facade is illuminated with a vibrant, multi-colored light show, transitioning through various shades of pink, purple, blue, and yellow. The words "MUZEUM NARODOWE" are prominently displayed in white capital letters above the entrance. In the foreground, a paved area with steps is filled with people sitting in deck chairs, some looking towards the museum. A street lamp on the left is brightly lit, and a road sign for a 5 km/h speed limit is visible on the left side.
